Program	Bachelor of Mathematics Applied Mathematics, Honours, Co-operative Program Economics Specialization Computing Minor
Academic Level	4A
Active Load	Full-Time
Form of Study	Enrolment
Duration of Program	4 and 2/3 years

The student was charged a total of \$28,072.19 for fees and tuition for the academic term winter 2025.

If all degree requirements are met, it is anticipated that this student will graduate following the winter 2025 academic term.

This student has been enrolled from fall 2020 to winter 2025 in an undergraduate program.

For undergraduate students, full-time status is equivalent to 1.5 academic units or higher, or while on an approved co-operative work term.

Currently, regular students (non co-operative) may take scheduled breaks during spring term and co-operative students may have scheduled breaks during any term due to the various work-study sequences.

Co-operative positions approved by the University of Waterloo satisfy the requirements for the co-operative program. Total co-operative work term requirements do not make up more than 50% of the total program of study. The co-operative work-term is an integral part of the degree program and a requirement for graduation.

Courses at the University of Waterloo are taught and assessed in the English language.
